Subject: Component - Power Supplies, Model CZE2000  
US and Canadian Requirements

Dear Mr. Match:

**NOTICE OF AUTHORIZATION TO APPLY THE UL AND C-UL MARKS**

This letter temporarily supplements the UL Follow-Up Services Inspection Procedure, and serves as authorization to apply the UL Recognition Mark and the UL Recognition Mark for Canada to the above product which is constructed identical to samples, which were submitted to UL for this investigation. The UL records covering the product will be in the Follow-Up Services Inspection Procedure, File E148969, Volume 1.

This authorization is effective only for 90 days from the date of this Notice. Records covering your products are now being prepared and will be sent to you in the near future.

Products produced which bear the UL Recognition Mark shall be identical to those which were evaluated by UL and are found to comply with UL's requirements. If changes in construction are discovered, authorization to use the UL Recognition Mark may be withdrawn and the products that bear the UL Recognition Mark may have to be revised (in the field or at the manufacturer's facility) to bring them into compliance with UL's requirements.

If we can be of assistance, please do not hesitate to contact the undersigned.

Very truly yours,

*David V. Alma*
